## Notice of Public Information Centre

### Municipal Class Environmental Assessment for Line 8 Improvements

The Town of BWG is undertaking a study to prepare for improvements to Line 8. The full improvement area is Line 8 from Barrie Street to Sideroad 10, including Sideroad 10 from north of Line 8 to Reagens Industrial Parkway.

A Class Environmental Assessment will identify the necessary improvements and ideal configuration. The study will look at how best to meet the future transportation needs of BWG (roadway capacity, operational and safety deficiencies, intersection upgrades, extension of municipal services, drainage improvements and extension of active transportation facilities).

Public consultation is vital to the success of this study, so the Town wants to ensure that anyone interested can get involved and provide input. Please attend the Public Information Centre (PIC):

Wednesday, May 22, 2019, 5:30 - 9:00 p.m.

Bradford West Gwillimbury Leisure Centre, (Main Entrance - East Side)  
471 West Park Avenue, Bradford, Ontario

The PIC will be an informal drop-in during which attendees can view the preliminary preferred design concept and ask questions of Town staff and consultant Planmac Engineering Inc. Find out when and where to read the upcoming Environmental Study Report that will be placed on public record for a 30-day review.

Materials will be available by May 24 at

[www.townofbwg.com/Line8EA](http://www.townofbwg.com/Line8EA).

Input should be provided by June 12, 2019 for inclusion in the report.
