NOXIOUS WEEDS: NATURE'S MENACE

A weed that is considered harmful to the environment or animals is called a "noxious weed". These weeds spread quickly, invading ecosystems and harming agricultural and horticultural industries.

Property owners are legally required to destroy all noxious weeds on their property IF the weeds have the potential to affect agricultural or horticultural land. (per Ontario's Weed Control Act)

All properties in BWG should be in compliance by June 25, 2019.
