Are you a CRITICAL WATER USER?

If you or someone in your household has a medical condition that makes it critical that you have running water at all times, please call the Community Services Department at 905-775-5366 ext.2300, so that we can add you to our Critical Water User's list

The Town will use this list to contact critical water users during planned or unexpected water interruptions.

Inclusion on this list is not a guarantee of immediate notification in some emergency situations; however, we care about the health of our residents and we will notify critical water users as quickly as possible in the event of water service interruptions.

As a critical water user, please ensure you keep a supply of water on hand at all times for your needs in the event of an emergency interruption.
