I'm sure many of you have heard that the Simcoe Muskoka District Health Unit reported today that there are 50 confirmed cases of COVID-19 in the area, including 6 in BWG, and that tragically there have now been a total of 4 deaths. While the growth in cases is extremely concerning, it is encouraging to see that 6 individuals in the area have now recovered, including 2 in Bradford West Gwillimbury. I am extremely relieved to hear that these two residents are doing well, and my thoughts are with those still sick in hospital or self-isolating at home.

I know that the increasing restrictions on your everyday lives are a challenge, but I also know that you appreciate how critical it is that we abide by physical distancing and the new 5-person limit on social gatherings in order to protect ourselves and those around us.

Please take care and reach out if you have questions to rkeffer@townofbwg.com.

Best,
Rob Keffer
