## **NOTICE OF ROAD CLOSURES**

### **Line 5 - Town of Bradford West Gwillimbury/New Tecumseth**

This notice is to advise you that the work requiring closure of Line 5 between County Road 27 and Sideroad 20 (New Tecumseth) is now complete and this section of the road has been reopened to through traffic. Similarly, the planned closure of Line 5 between County Road 27 and Sideroad 5 (Bradford West Gwillimbury) to through traffic will likewise be moved ahead with closure of this portion of the road now scheduled for April 25 to May 6, 2022. Once again, this road closure is necessary due to traffic safety concerns associated with the excavations required to install the proposed storm sewer piping along Line 5.

Please note that the above dates are once again estimates only at this time and are subject to change based upon the contractor's production and potential weather delays.

During the upcoming closure of Line 5 between County Road 27 and Sideroad 5 (Bradford West Gwillimbury), there will be no access to County Road 27 from Line 5 (east of the intersection) and vice versa. However, this section of Line 5 will remain open and accessible to local traffic from Sideroad 5 (Bradford West Gwillimbury) for access to all residential and commercial properties between County Road 27 and Sideroad 5. Detour routes will be posted during the road closure utilizing the same routes as for the 2021 closure of this same section of Line 5 (Line 6 to the north and Line 4 to the south).

We apologize for the inconvenience that these road closures will pose to many, however please be assured that these measures are only being implemented in the interest of public safety. We ask that extra precaution be taken and that you continue to observe all detour and advisory signage during the ongoing construction activities.

Should you have any questions or concerns related to this project or the road closure, please do not hesitate to contact either of the following individuals:

**Mr. Brian Wickenheiser, P.Eng.**
