

# NOTICE OF ROADWORKS

## ROAD MAINTENANCE – CRACK SEALING

### WHERE:

- **Line 9**, between Artesian Industrial Parkway and Grandview Crescent
- **Line 8**, between Barrie Street and Artesian Industrial Parkway
- **Dissette Street**, between Jay Street and the GO Station Entrance

### WHEN:

Work will begin on **Friday, May 31** and is expected to take one day to complete. Work will take several hours per location.

### WHAT:

Work will include routing the existing cracks to ensure they are wide enough to receive the sealant, sweeping the road of dust and debris, and filling the cracks with liquid rubber sealant.

### HOW YOU MAY BE AFFECTED:

Lane restrictions will be in place during the crack sealing work and some delays to the normal flow of traffic can be expected while work is being done. Residents living on these sections of roadway will still have access to their driveways. Some minor dust may be present during routing and sweeping operations, along with an increase in noise levels resulting from the use of routing and crack sealing equipment.

We apologize for any inconvenience you may experience during this time.
