

# NOTICE – Road Crack Sealing

May 19, 2020

## WHERE:

- **Line 2** – West Town Limit to East of Mandalane Drive
- **Mandalane Drive**
- **Line 6** – Simcoe Road to approximately 1,900m west
- **Simcoe Road** – Walker Avenue to Line 6
- **Thornton Avenue** – Holland Street West to Frederick Street
- **Sideroad 10** – Holland Street West to Reagens Industrial Parkway
- **Line 9** – 800m west of County Road 4 (Yonge St.) to Sideroad 10
- **Line 9** – Sideroad 10 to Sideroad 5
- **Line 13** – County Road 27 to West Town Limit

## WHEN:

Work is scheduled to begin on Thursday May 21, 2020 and is expected to take approximately three (3) weeks to complete. Work will take several hours per location and is strictly weather dependant.

## WHAT:

Work will include routing the existing cracks to ensure they are wide enough to receive the sealant, sweeping the road of dust and debris, and filling the cracks with liquid rubber sealant.

## HOW YOU MAY BE AFFECTED:

Lane restrictions will be in place during the crack sealing work and some delays to the normal flow of traffic can be expected while work is being done. Residents living on these sections of roadway will still have access to their driveways. Some minor dust may be present during the routing and sweeping operations along with an increase in noise levels resulting from the use of routing and crack sealing equipment.

This is a moving operation and therefore the immediate work zone is only expected to be in any specific location for a short duration.

If you have any questions or concerns regarding this letter, please contact the Town representative below.
