

# NOTICE – Road Maintenance Slurry Seal and Microsurface

---

May 20, 2020

## WHERE:

### Slurry Seal:

- **Line 13** – Between Sideroad 5 and County Road 27

### Microsurfacing:

- **Line 13** – Between County Road 4 (Yonge Street) and Sideroad 10
- **Line 3** – From Sideroad 5 to approximately 200 metres west of County Road 27

## WHEN:

Work is scheduled to begin on Monday May 25th and is expected to take approximately three (3) weeks to complete.

## WHAT:

Work will include minor repairs of the existing road surface and the application of Slurry or Microsurface to seal the original road surface in order to prevent future deterioration as well as improve driveability for motorists.

## HOW YOU MAY BE AFFECTED:

Lane restrictions will be in place during the work and some delays to the normal flow of traffic can be expected while work is being done. Residents living on these sections of roadway will still have access to their driveways. Some dust may be present during the operations along with an increase in noise levels resulting from the equipment.

If you have any questions or concerns regarding this letter, please contact the Town representative below.
