# NOTICE TO RESIDENTS

---

Phase 3 and 4 – FNB Subdivision

## **COMPLETION OF TOP WORKS FOR PHASE 3 AND 4**

FNB Developments and Condrain will be undertaking rectification of minor deficiencies of curbs, sidewalks and asphalt pavement which will be completed throughout Phase 3 and Phase 4 in various locations. In addition, completion of top works for Phase 4 will be taking place afterwards. See location map on the next page.

This may generate some temporary road closures or reduced lanes while paving operations are taking place. Some of the concrete works may have an impact on driveway access and parking. Increased construction activity is to be expected. Construction will be undertaken within the hours that the Town By-Law allows.

**Please note there will be no disturbances to any services** unless a second notice is provided to residents onsite.

Works are anticipated to start by May 5, 2022.

We apologize for any inconvenience, your co-operation and understanding on this matter is most appreciated. You may contact Nadim Haddad by email at [nadim.haddad@exp.com](mailto:nadim.haddad@exp.com), or by phone at (EXP number) should you have questions or concerns related to the above-mentioned works.

## **Zone Where Work Will Take Place**
