

NOTICE OF ROAD MAINTENANCE CRACK SEALING

WHERE:

Work will be taking place to repair cracks in the existing road surface on the following streets:

- Archer Avenue
- Breeze Drive
- Countryside Court
- DePeuter Crescent
- Hudson Crescent
- Longview Drive
- Mills Court
- Noble Drive
- Northgate Drive
- Parkside Court
- Prince Drive
- Roughley Street

WHEN:

A work crew will be in the area the week of **April 25th to April 28th**, weather permitting. In the event of bad weather, work will be postponed to a later date.

WHAT:

Work will include routing (cutting) the existing cracks to ensure they are wide enough to receive the sealant, sweeping the road of dust and debris and filling the cracks with liquid rubber sealant.

HOW YOU MAY BE AFFECTED:

Traffic management measures will be in place during the crack sealing work to ensure the safety of workers, motorists and pedestrians. Some minor delays to the normal flow of traffic can be expected while the work is being done. Residents living within the work area will still have access to their driveways and there will be no disruption to scheduled waste and recycling pick-up.

Some minor dust may be present during routing and sweeping operations along with an increase in noise levels resulting from the use of routing and crack sealing equipment, however; the operation is mobile and will progress very quickly.

ON-STREET PARKING:

PLEASE ENSURE THAT ANY VEHICLES PARKED ON THE ROAD ARE MOVED BEFORE 9:00AM ON THE DATES NOTED ABOVE.

ON-STREET PARKING WILL BE AVAILABLE AT THE END OF EACH WORK DAY.
