

## Total fire ban in effect in Bradford West Gwillimbury

Bradford West Gwillimbury, ON (*July 13, 2018*) – The fire rating for the Town of Bradford West Gwillimbury has been raised to “Extreme” as of 10:00 a.m. on Friday, July 13, 2018, and a total fire ban has been instituted by order of the Deputy Fire Chief.

At the Extreme rating, all categories of burn permit are revoked until further notice.

“This action was necessary due to the lack of rainfall and the dry conditions it has created,” says Deputy Fire Chief Olaf Lamerz. “This burn ban will be in effect until the area receives some significant rainfall.”

The fire rating indicator appears on the Town’s webpage at [www.townofbwg.com](http://www.townofbwg.com). Click the indicator to learn more about fire ratings.
