

NOTICE Church Water Wells - New Emergency Backup Power Project

October 13, 2020

To ensure a reliable supply of water to residents of Bradford West Gwillimbury, the Town needs to provide an emergency back-up power system at the Church Water Wells. This project will include the supply and installation of a new electrical generator at the site.

The works will include the following:

- New standby generator
- New electrical connections to the generator
- New fencing around property and buildings

WHERE

Project area as per the map below:

Church Wells Site, 550 Toll Rd. in the Township of King, Ontario

WHEN

- Project start – December 2020
- Construction commencement – April 2021
- Construction end – August 2021

WE WANT YOUR INPUT

If you want more information on the project, please visit the Town's website at

www.townofbwg.com/twnsrv/construction/bswsp

Please email or call into the Town if you have any input on the project or have any questions.

Thank you for your patience and cooperation during this project
