

## CONSTRUCTION NOTICE

### Noble Drive Standpipe - Refurbishment Project

June 24, 2021

This notice is a follow-up to our April 1, 2021 construction notice.

The Town is replacing the existing internal lining of the Noble Dr. Standpipe with a new protective coating. The works include the following:

- Removal of the existing tank interior coating and surface preparation using an abrasive blast cleaning machine. Noise and dust mitigation measures are in place to minimize disruptions. This work has largely been completed.
- Paint application and safety upgrades

### UPDATE

The Contractor's work has taken longer than originally planned. This is due to a thicker than normal existing internal coating that required more time to remove.

As a result of this, the Contractor will be on site up to July 16, 2021, with most of the construction work done by July 1, 2021.

The remaining construction work is mostly quiet. The construction works that were generating a lot of noise have almost been completed.

### WHERE

Project area is located at **33 Noble Dr, Bradford** as per the map below:

## WHEN AND WHAT TO EXPECT

- Construction start date – April 2, 2021.
- Construction duration – approximately three and half months.
  - Work will be seven days a week, beginning at 7 am during the week and 9 am on weekends.
  - Most of the work will be inside the tank.
- Construction end – July 16, 2021

## ADDITIONAL INFORMATION

If you want more information on the project, please visit the Town's website at [Town of BWG Construction Notices](#)

Alternatively, please email or call if you have any input on the project or have any questions.

Thank you for your patience and cooperation during this project
