## Public Open House on Bond Head Servicing

### WHAT:

A public session will be held to share information with residents of Bond Head regarding options for bringing sanitary sewer servicing to the area.

### WHEN:

Thursday, September 26, 2019  
7:00 – 9:00 p.m. (presentation style, not a drop-in)

### WHERE:

Bond Head Community Centre - upstairs auditorium (overflow seating downstairs)  
2892 County Road 27  
Bond Head, ON, L0G 1B0

This facility is not wheelchair accessible – if this prohibits your attendance, please see below for where to find information and provide input. We apologize for the inconvenience.

### WHY YOU SHOULD ATTEND:

Important information will be presented regarding the prospect of installing sanitary services for existing residents in Bond Head. As this may have financial implications for all property owners in the hamlet, the Town wants to ensure that interested residents have an opportunity to learn about the potential project and ask questions.

If you are unable to attend this session, information will be provided on the Town's website at [www.townofbwg.com/BondHeadServicing](http://www.townofbwg.com/BondHeadServicing) following the meeting, or you may contact Mahesh Ramdeo.

### FOR MORE INFORMATION, PLEASE CONTACT:

Mahesh Ramdeo, Manager of Capital Projects  
Development & Engineering Services:  
905-778-2055 x 2102
