

Transportation Master Plan

Notice of Commencement and Public Information Centre #1

A Growing Tradition

Please take notice that the Town of Bradford West Gwillimbury is initiating its Transportation Master Plan (TMP) study to inform and guide policies and strategies for the Town's transportation network over the next 20 years and beyond.

What is a Transportation Master Plan?

A TMP looks to the future of our community in terms of population, business growth, residential development, commuter needs and other land-use plans to determine what the transportation needs of our community will be, and how that can be integrated with our existing transportation network. Using environmental assessment planning, it lays out a guide for sustainable, efficient and safe movement of goods and people within and around BWG.

The TMP will be completed in accordance with the Master Plan process identified by the Municipal Engineers Association, adhering to the requirements of Phases 1 and 2 of the Municipal Class Environmental Assessment.

How can you get involved?

As the study progresses, the Town will engage with residents, stakeholders and businesses to shape the overall master plan and contribute towards the recommendations.

You are invited to attend an online public information session:

Thursday, December 9, 2021 – choose either 5:30-6:30 pm or 7-8 pm

To be held electronically via the Zoom platform

To register:

Go to www.townofbwg.com/TMP and click the link to register for PIC #1

Once you sign up, a link to the Zoom Webinar will be provided to you via email

If you are unable to participate in the live meeting, you may view the presentation materials and meeting recording at your convenience at www.townofbwg.com/TMP. Also on the website, you can sign up for our emailing list to stay updated on the study progress.

Other comments or questions?
