

WATER WATCH COMMANNER

While wearing this card, I will watch the children in the pool or open water at all times & only leave when another adult takes over.

Drowning is fast, silent and preventable.

- 1.** Never leave children alone near water, stay by the waters edge.
- 2.** Stay within arms' reach of toddlers and non-swimmers.
- 3.** Watch every child with no distractions (no phones or books).
- 4.** Make sure non-swimmers wear lifejackets.
- 5.** Register for swimming lessons.

Please scan the QR code to register for swimming lessons, and to access water safety information.
