

Frederick, Joseph, Moore: Spring Work

April 21, 2017

WHAT:

This letter advises residents along Frederick Street, Joseph Street and Moore Street that the restoration/clean up phase will be resuming.

WHEN:

The contractor will begin to mobilize on site beginning the week of May 8th, 2017 for approximately two months.

WHERE:

The work will take place throughout Frederick Street, Moore Street and Joseph Street. The type of work will be in specific areas to minimize disruption as much as possible. At times, there may be lane restrictions within the immediate area of the work zones, however, the road will be open at all times.

WHY:

The restoration phase of the project includes the following type of work:

- Top soil and sod placement along the boulevard and other areas where trench work took place,
- Driveway restoration and paving areas that have been removed as a result of the construction works,
- Paving the roads with the final layer of asphalt,
- Lining the storm and sanitary sewers,
- Various other remedial deficiency work.

ADDITIONAL INFORMATION:

The contractor will also be on site early next week to conduct minor deficiency work and sanitary/storm sewer flushing to prep for the lining work. This will take approximately two weeks, however, full mobilization to complete the restoration phase is scheduled to begin on May 8th.

We apologize for any inconvenience this may cause and thank you for your patience.

If you have any questions or concerns about this notice please contact the Town or the on-site project engineer, their information is outlined below.
