

# Scanlon Avenue: Construction Road Restrictions

October 16, 2017

## WHERE:

Construction taking place along **Scanlon Avenue** from Barrie Street to Nelson Street.

## WHEN:

Road closure is scheduled to begin Wednesday, October 18, 2017 to approximately the end of November, while maintaining local access.

## WHAT:

This notice advises residents along Scanlon Avenue that a road closure will take place for the installation of watermain, storm sewers and road reconstruction including sidewalk and curb installation.

Access will be provided for residents whose homes are inside the construction limits along Scanlon Avenue between Barrie Street and Nelson Street. In addition, the road closure will allow access for emergency vehicles.

During this closure, vehicle access from the surrounding area (i.e. side streets within and outside of the construction zone) will not be permitted to use this portion of Scanlon Avenue as a through route. Instead, traffic will need to follow the detour route signs that will be posted around the closure.

Residents that are affected with the road closure will be notified daily, should access to their driveway become restricted as a result of the work. One lane access through the construction zone will be maintained at all times for local traffic only.

## WHY:

To ensure that majority of construction works are completed prior to the end of 2017 and to minimize long term impacts to residents.

## ADDITIONAL INFORMATION:

We apologize for any inconvenience this may cause. If you have any questions or concerns about this notice please contact either one of the Town representatives below.
