

# 2017 Urban Roads Pre-Construction Notice

---

April 23, 2018

## WHAT:

The Town of BWG is undertaking improvements to many roads in the older areas of Bradford. The Town will rehabilitate Lee and Mason Avenues beginning late April/early May. The construction works will include the installation of new curb/gutter, resurfacing of the road, some sidewalk repairs and restoration of the sod and driveways impacted by the works.

## WHERE/WHEN:

Work will take place along Lee and Mason Avenue between the end of April/beginning of May and will continue until mid-summer. The type of work will include but not be limited to:

- Various sidewalk repairs as well as curb and gutter installation
- Asphalt removal and repaving
- The restoration of sod, driveways and other areas impacted by the works.

## HOW YOU MAY BE AFFECTED:

### General traffic:

- All roads will remain open throughout the project. Access to homes will be maintained. However, there will be some delays and detours may be recommended. Notice will be given directly to residents along these roads to indicate how they may be affected. If a temporary road closure is required, notice will be provided to the affected residents in advance.

### Residents within the construction area:

- **WASTE COLLECTION:**  
Please write your house number on your garbage, recycling and compost bins to ensure that they are picked up and returned to you on a weekly basis during construction.
- **DRIVEWAY ACCESS:**  
There will be times when access to your driveway will be limited due to the replacement of the concrete curb, sidewalk, or paving in front of your home. These occurrences will be temporary and we will communicate with you in advance of any temporary restriction of access to your driveway.

We ask for and thank you for your continued patience as we work to improve your neighbourhood.

If you have any questions or concerns about this notice please contact the Town or the on-site project engineer. Their contact information is outlined below.
