**Date: January 22, 2014.**

### **HENDERSON COMMUNITY PARK – MASTER PLAN**

The Town of Bradford West Gwillimbury is pleased to announce the next stage of the Master Plan process for Henderson Community Park. This next step is a “Design Workshop,” that will take place on Tuesday February 11, 2014, from 7:00pm to 9:00pm in the Zima Room at the BWG Library and Cultural Centre.

The purpose of the Design Workshop is to further enhance and develop design concepts identified during the Vision Workshop held in November 2013. The Project Consultant will be presenting an overall concept and will be seeking public input into potential activities and uses for the areas of the park.

A website has been created at, <http://hendersoncommunitypark.weebly.com> where members of the community can view information and updates to this project. For further information please do not hesitate to contact either of the following:
