

NOTICE OF ROAD WORK

Rubberized Crack Sealing – Bridge Street

WHAT:

Cracks in the road will be repaired to improve the driving surface. This work will include preparing and cleaning existing cracks followed by repair using a rubberized crack sealant.

WHERE:

Bridge Street between Canal Road and Dissette Street.

WHEN:

Work is expected to begin on Monday, April 30th, weather permitting, and is expected to take approximately two to three days to complete.

HOW YOU MAY BE AFFECTED:

Motorists can expect lane closures along Bridge Street during the repair work. Expect some delays to the normal flow of traffic as well as access to commercial and residential properties. Every effort will be made to ensure access is restored as quickly as possible and with minimal disruption.

We apologize for any inconvenience you may experience during this time.
