Community Support Program and Policy

Purpose

The Town of Bradford West Gwillimbury Community Support Program is intended to provide limited assistance to not-for-profit community groups and organizations within the Town to assist with programs and events. This support is in recognition of the value of these groups to the wellbeing and growth of the community and in helping the Town retain a strong community focus.

Each year, as part of the annual budget process, Council will determine the financial commitment to the Community Support Program. This may be supplemented through Town fundraising activities and events.

This policy establishes eligibility requirements, identifies the types of funding available, and outlines the application process and reporting requirements.

Types of Support

Community Grant Program

The Community Grant Program (CGP) is an annual application and disbursement program for grants of \$400 to \$3,000. The application deadline is October 1 of each year, with grants disbursed in the subsequent calendar year. Grants may be made to support programs or events with a fixed start and end date, or for general operating or capital expenses as long as the specific use can be identified and accounted for. Requests may be approved in full, denied, or approved for a lesser value than requested.

Priority will be given to requests that support programs in the following categories: youth/senior, heritage/civic, arts/culture or leisure/tourism.

Mayor's Discretionary Funding

The Mayor has the discretion to authorize donations less than \$400 at any time during the calendar year from funds earmarked during the budgeting process. Eligible requests received by the Grants Committee that fall into this category will be forwarded to the Mayor for consideration, and requests may be approved in full, denied, or approved for a lesser value than requested.

Council Community Initiatives Fund (CCIF)

The CCIF was developed to provide grants to community organizations and individuals where the primary purpose is to enhance the quality of life of BWG residents, showcase BWG's diversity and appeal and/or make sure all businesses excel. The fund may support activities related to sports, seniors, youth organizations, special events, arts, culture, heritage, the economy and, more broadly, our community. The funding dollars for the CCIF are raised through the annual Mayor and Council Golf Tournament. Organizations must follow the Community Grant Program application process as outlined in the CSPP. The distribution of funds to recipients under the CCIF are evaluated and approved or denied by the members of the Mayor's Charity Golf Tournament Committee.

In-Kind Contributions

Each Town department has the discretion to make in-kind donations from their own department's resources to a maximum value of \$1,000 – including but not limited to the provision of goods or services as prizes and provision of services or use of Town assets for the benefit of the organization. Applications for in-kind contributions should be made a minimum of two months in advance of the required date. Eligible requests received by the Grants Committee that fall into this category will be forwarded to the appropriate Department Head for consideration, and requests may be approved in full, denied, or approved for a lesser value than requested.

Objective-Based Funding

Requests for more than \$3,000 in funding and/or for multi-year commitments may be considered by either the Mayor and Council or an individual Town department if such funding is in furtherance of an established strategy or objective. These funds must be allocated as part of the budgeting process, separately from the funding allocated for the CGP and Mayor's Discretionary Fund, and therefore requests should be made by no later than August 1 to allow the applicable departments to evaluate the request.
